APPENDIX C

I landed in the woods of JUVIGNY (Aisne) (see map France and Belgium 1/50,000 area 4040 sheet 146, 0402-8102.-) about 8 km. north of Soisson. I walked to TERNY - JORNY (0308-8305), in the evening I started walking south ~~east~~^{west} until I arrived ~~for the road to Sois. Marin~~ road to Soisson. - I ~~found~~^{went in} a farm house on the edge of the road. It was isolated and the farmers were Polish and had with them for dinner a Polish priest. - (The farm house is located 3 km north of Soisson with right off the road. - The farmer is a pole with sandy hair partly bald, about 5 feet 3, 140 lbs, aged 55; his wife is large, short and stocky aged 50; his daughter aged 20, curly hair, plump. - This family is ignorant and had no underground contacts, had never helped before -)

That night the Polish priest (a man aged 25, 5 feet 1, tightly built, brown hair, brown eyes. Probably the only Polish priest in Soisson and vicinity. Had underground contacts.) took me to Soisson and put me in a hotel room (he was use to put Polish refugees there)

The next morning (31 dec. 44) the Priest took me to the house of a Polish butcher:
Mr. BOCIAN, 10 RUE DES CORDELIERS, JOIGNON

(BOCIAN gave me a complete outfit of clothes says he had always room for allies ^{and} spies; he is not part of ~~the~~ ^{an} organization but wants to work for the allies, He can get in contact with excellent information, he says, and can lodge and find lodgings for them. - BOCIAN is officially known as a collaborator, all the french despise him. He serves the Germans for money as an interpreter and as a butcher most of his meat is black market. ~~He is one of the~~ ^{He is one} of the best patriots I have ever met. He had helped americans before.)

On the 5th Jan. 44 I was taken by a friend of BOCIAN, a man called MACONKA (a friend of BOCIAN) to Paris by train. -

In Paris he took me to a FURRIER by name LESZEK. (he lives on the RUE LAFAYETTE 2 km west of the carre du Nord) stayed there one night. The next day ~~he~~ ^{LESZEK} took me to BLANC MENIL (near le Bouquet, N. of Paris) stayed with a coal dealer by name of FABISIAK. (he lived between an automobile factory and ~~and~~ a church)

I stayed with FABISIAK until the 11th January.
 I was waiting for the Coalman's daughter
 who worked with the underground. She is a
 liaison agent between Lille and Paris
 for the Polish resistance. (underground of
 the Polish resistance army) ~~THE~~ FABISIAK
~~had kept parachutist of the Polish~~
~~army before.~~ (His daughter was ^{she} short, had
 blonde hair, blue eyes, good figure, high
 forehead. The FABISIAK had kept Polish
 parachutist before.

FABISIAK daughter took me to Paris
 leaving me ⁱⁿ the hands

I was taken to Paris by FABISIAK
 daughter. a women met us in the me'tro
 (she was tall, heavy built, blonde hair, blue eyes,
 round face, between the age of 40-50, wore her
 hair close to her head)

The "me'tro" women took me
 to a Polish Catholic church (near the place
 Vendôme, small old church). The Priest there
 are all connected with the underground.
 They send me with a Polish civilian to
 a hotel owned by Madame LESZKIEWICZ
 32 me FENTRIER (Montmartre). Madame
LESZKIEWICZ had a daughter ANNA (aged 19)

and associated with the underground]

I stayed in this hotel until the second week of February -

The "neto" woman was arranging my trip (she was a member of ~~the~~ an escape underground.) During my stay, she brought me a french identity card and everything was arranged for me to leave for Bordeaux. The day I was to leave the trip was ~~put~~ ^{called} off (last day of January) for the chief had been arrested (Anna and the "neto" woman told me)

I stayed there a few more days Anna was trying to contact other organisations. She put me in contact with Madame MICHALAK (owner of a Battery Shop) Through her I met an agent de police : Michel GENDRE who lived at gais x x x x x (in the vicinity of the place d'Italie) - I was taken to his house on the second week of February -

MICHEL GENDRE works for the underground, he is an agent of Madame Laroche at Michel house found a neto ^{neto} ~~neto~~ (who did the rest of the trip with me) REGINALD OVERWYNN (he is from the british naval air force, shot down over

(5)

Cherbourg on the 28th or 29th November 43, in
a B.25)

We spent one night at Michel Gendres
the next day we took us to MADAME ALICE
(she lived ~~off~~ ^{next to} the place d'Italie, a woman
of 28, black hair, dark eyes, medium height
135 cm.). The following day Michel
took us to a vacant apartment
house. We stayed there 4 ~~night~~ days,
having all our meals at the
concrete top. (The concierge was
Madame Marguerite SOËT)

We were then taken to the
Hotel Richelieu ^(Rue Richelieu) where we met
Major Bleithe and 12 other evaders

From there on our journey is
the same as Major Bleithe

REPORT

Over Rome on the way to the target we were attacked by enemy fighters coming in at 10 o'clock, out of the haze and difficult to see. As soon as I saw the fighters, I turned my turret at the first one and after missing my target my turret was hit. A bomb exploded against my bullet-proof glass and cut off my oxygen. A few seconds later the pilot said "Bail out! bail out!" The electrical and mechanical system of my turret was knocked out, and I was only able to open one door only one of my doors. I struggled out the open door with my back type chute attached. It took me some time to crawl out. My navigator ~~was~~ ^{had} already gone out. I grabbed the emergency escape release jumping on the nose wheel doors at the same time. As soon as I was out I pulled my ripcord, the chute opened and I tumbled. The next thing I remember seeing ~~the~~ two F/W 190's ~~who~~ which tailed just below me. The cloud cover was 2/10's cumulus and I got quite shaken in falling through.

Mission of December 30, 1943 to Ludwigshafen,
Germany

We were hit by fighters on the way into the target. We were about 30 minutes over France when fighters were spotted. They came in low from 10 o'clock. It was hazy in that direction and very difficult to see planes coming in. I don't know how many there actually were - I only saw two. We were flying no. 2 in the high squadron of the 44th Group and the FW 190's picked us out of the formation. As soon as I saw the fighters I turned my turret at the first one, drew a bead on him and immediately after pressing my triggers my turret was hit. A 20mm. exploded against my bullet-proof glass and cut off my oxygen.

22000 feet

A few seconds later the pilot said "Bail out, bail out." My turret was knocked out electrically and mechanically and I was able to open only one of my doors. I knocked off my head and face gear and struggled through that one open door with a back type 'chute attached. It took
